

Learning journey 2

Name: _____

Date: _____

Animal neighbours at work

It's spring and your animal neighbours are very busy working. What do your animal neighbours do?

- | | |
|--|--|
| <input type="checkbox"/> Look for food | <input type="checkbox"/> Give food to their babies |
| <input type="checkbox"/> Look for water and then drink | <input type="checkbox"/> Give food to their partners |
| <input type="checkbox"/> Gather material to make their nests | <input type="checkbox"/> Rest and take naps |
| <input type="checkbox"/> Watch out for dangers and stay safe | <input type="checkbox"/> Teach their babies |
| | <input type="checkbox"/> Defend their nests |

Your animal neighbours are hard at work!

Are your animal neighbours by themselves?
With someone else? With a bigger group?

Are there some animals they avoid
and others they like to be near?
